

Future *ds*

Edel Soccer Future DS

Edel Soccer Future DS is the leading top product for the football market. Thanks to a new applied technology, the pitch will retain the highest possible quality throughout its lifespan. The 'Double Spine' fibre has been reinforced on two sides. This makes the pitch both highly resilient and extremely slide-resistant. All in all, this system has unmatched playing properties for both top-level and recreational use.

The best alternative to nature

Product characteristics of EDEL SOCCER FUTURE DS

Edel Soccer Future DS stands for:

- Perfect playing properties
- A TenCate fibre with a lasting performance thanks to the use of innovative extrusion technology
- A high level of slide-resistance
- A natural 'look and feel'
- UV stability
- A high level of resilience, including after intensive use
- *The leading artificial grass for professional level sports!*

Construction

The Edel Soccer Future DS system has been vetted for use with various substrates and infill materials. This enables a customised system to be supplied for every conceivable location.

FIFA Preferred Producer for Football Turf

With the 'FIFA Preferred Producer' initiative, FIFA hopes to enforce consistent quality standards for artificial football pitches around the world. Edel Grass also pursues this end and shares in the responsibility for quality assurance.

As a Preferred Producer, Edel Grass is expected to demonstrate its expertise in civil engineering, project management and maintenance.

AND THEREBY TO PROTECT THE INTERESTS OF THE USERS AND CONSUMERS (Confederations, National Associations, Clubs, Players, Private owners, communities and FIFA)
